REPORT OF THE TRUSTEES OF THE WINCHESTER PUBLIC LIBRARY

The trustees of the Winchester Public Library herewith present to the voters of Winchester their thirty-sixth annual report.

During the year a number of important changes have been made in the library. The charging system had become outgrown and has been replaced by what is known as the simplified Newark system. It is proving satisfactory to both patrons and workers. The Dewey system of classification which is almost universally used has been adopted. This change involved the re-marking of the card index. The work on that is still in progress.

In September the trustees employed Miss Anna Kingman an expert mender for one week. Miss Bliss has since continued this work and over 500 volumes have been put in condition for further circulation. About 75 books have been rebound.

Besides replacing some worn out and lost books about 400 new titles have been added. Of these approximately 150 are fiction, 150 juvenile and 100 non-fiction. The books loaned were 8,724 fiction, 8,550 juvenile, 1,422 non-fiction and 1,958 magazines, a total of 20,654 volumes which exceeds last years circulation by over two thousand. With the co-operation of the teachers the reference work has been increased greatly. As the larger part of this work is done in the library it does not appear in the circulation figures.

In June the librarian attended a two days meeting of the State Library Association at New London and in November went to Greenfield to a Massachusetts library meeting. Both librarian and assistant were pupils in the ten day summer

school in Keene conducted by the N. H. Library Commission in July.

The trustees feel that the present heating system is inadequate for the library and so far as possible they are reserving the town appropriation until sufficient is accumulated to install a new system.

REPORT OF COMMITTEE ELECTED FOR PURPOSE OF PURCHASING MOTOR DRIVEN FIRE PUMP

To the Honorable Board of Selectmen of the Town of Winchester, N. H.

Gentlemen:—The committee appointed by you for the purchase of a fire pump hereby offer you this report.

The merits of the following pumps of five hundred gallon capacity were duly considered:

The Ahrens-Fox, LaFrance, Seagrave, Wachusett, General Motor, Providence Ladder, and the Buffalo. The prices varied from \$5,750 00 to \$9,500 00. The Buffalo proved to be the lowest in price and the best equipped with the following: 1,000 feet of 2½ in. double jacket fire hose, 20 feet extra suction hose, 100 feet extra chemical hose, additional lengths of ladder and other necessary equipment.

The test was made by the New Hampshire State Board of Underwriters by Mr. Bertwhistle. The tests were perfectly satisfactory, some exceeding the contracts.

Therefore the purchase of the Buffalo was decided upon and duly carried out by the committee.

Respectfully submitted,

WALTER H. HILDRETH,
GEORGE R. FOSDICK,
EDWARD F. QUALTERS,
GUY C. HODGKINS,
HARRY E. BYRNE.

AUDITOR'S REPORT

Winchester, N. H., Feb. 25, 1928.

We have examined the accounts of the Selectmen, Town Treasurer, Tax Collector, Town Clerk, Library Treasurer, Trustees of Trust Funds, Municipal Court, Road Agent, Overseer of the Poor, Fire and Police Departments and found them all well kept and vouchered.

We have also examined all stocks, bonds, notes, bank books and balances and found them as their several reports show.

STATEMENT BY THE SCHOOL BOARD

At the last annual meeting of the School District, the following article in the warrant received favorable action.

“To see if the District will vote to authorize the School Board to sell at a just price the school building known as Number Five School, situated on the Keene-Winchester State Highway.”

At the regular meeting of the Board held in December it was voted to advertise the building for sale, and Mr. Maurice E. Partridge, Chairman of the Board was authorized to negotiate the sale for the Board. There were several prospective purchasers and the building was sold to the party willing to pay the largest price. Accordingly the property was deeded on January 25, 1928 to Mr. Norman Aliber of Keene.

The following is the financial statement of the transaction:

Received from sale of No. 5 School,		\$112 50

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Winchester School District:

I, present, herewith, my third annual report, as Superintendent of Schools.

Buildings and Grounds. Since my last report in addition to the usual minor repairs the following major projects have been completed. (1) New roof at the Scotland School. (2) At the Barber School the roof, chimney and foundation were repaired and the building given two coats of paint. At the Center School crickets have been built back of the large chimneys and copper flashing has been laid in the gutters and over the window casings. During the coming year I would recommend the following improvements: (1) Repair of the roof of the Hunt School. (2) New sleepers under the Scotland building. (3) Interior painting at Barber, Lower Ashuelot and Upper Ashuelot Schools. (4) Graveling of the school yard at the Center School. (5) Laying of cement walks at the Thayer High School.

Teachers and Pupils. There was rather a large turn over in the staff at the Thayer School.

Mrs. Grupe (Miss Agnes Stein) resigned after four years of excellent service as commercial teacher. Her place is most acceptable filled in the person of Miss Marion Proctor of Gloucester, Mass., a graduate of the Salem, Mass., Normal College 1927.

Miss Cushman who had served us for three years as French and Latin teacher resigned to accept a more lucrative position in another State. We were most fortunate to secure Miss Erna Wolfe of Waterville, Maine, a graduate of Colby College 1927. To fill the vacancies caused by the resignation of Misses Floyd and Mehuron the following appointments were made: Miss Loretta Stewart of Greenfield, Mass., a graduate of Keene Nor-

mal School 1926 as teacher of English to succeed Miss Mehuron and Miss Monica Mooney of Pittsford, Vt., a graduate in 1927 of the Keene Normal School to succeed Miss Floyd as teacher of mathematics and history in the Junior High School. This is a most excellent Staff and I trust we may be able to retain their services for several years.

At the Center School there were two changes. Mrs. Margaret Connors succeeds Miss Anna Benson in Grade IV and Miss Katie Sanborn of Whitefield, Plymouth Normal 1927, succeeds Marion Ordway in Grade VI. One other change was made, Miss Elizabeth Jones of Winchester succeeds Miss Rachel Smith in the Barber School. Thus has our Staff been most satisfactorily completed.

In this connection I would like to ask the parents several questions.

1. Have you visited the school room where your child attends school?
2. Do you know personally the teacher of your child?
3. Have you entertained your child's teacher in your home this year?
4. If not, why don't you do so?

Health. You will find elsewhere the report of the physical examination of the school children and the report of the District Nurse. We have had rather serious epidemics of whooping cough and mumps during the winter but most of the children are now back in their places.

Budget. We have reached what I believe is a stabilized budget. By that I mean an appropriation that is adequate to support the schools with a high degree of efficiency with no material increase in the Budget from year to year. In the near future, 1929 the last of the Ashuelot bonds will be taken up. We can confidently look forward then to a decrease in the budget of \$3,000 a year. All other outstanding indebtedness of the district ends in 1935.

I think the Schools have reached this year the highest point of efficiency in my three years of service.

Permit me again to express my thanks and appreciation to all, School Board, Teachers, Pupils and to our Citizens for the fine spirit of cooperation that is manifest on the part of all.

Respectfully submitted,

WESLEY H. DOUGLASS,

Superintendent of Schools.

Winchester, N. H., February 20, 1928.

HEADMASTER'S REPORT

To The Superintendent of Schools:

I herewith submit my report on the work of the high school.

With the opening of the school year last fall a change was put into effect whereby each school term begins on Wednesday and closes on Tuesday. The main reason for this change is that there is eliminated the necessity of taking out time for one or two holidays. The school year is 36 weeks of 5 days each and we are endeavoring to make that mean 180 actual session days. This arrangement will necessitate a change in our commencement date.

An evening session of the entire school was again held last fall to provide an opportunity for the people of the town to visit the school in regular session. The response was encouraging, well over one hundred visitors registered and the majority remained for the entire session. Visitors during the regular day sessions are not numerous however, we invite them to come at any time. It is a source of gratification to have so many of our recent graduates show their interest and loyalty by visits to the school whenever they can get back from their work or their study elsewhere. A list of all graduates from the Winchester High School has been compiled and it is hoped that there may be brought about a definite organization of the alumni.

Seven of our recent graduates entered institutions of higher learning last fall and reports received for the first half year are decidedly favorable.

Special mention should be made of the record made by our agricultural boys last fall in the State Judging Contest at Durham. Winning three out of the four cups offered in a state wide contest is an excellent record for any school. In addition a new record was established when one member of the team scored 100% in apple judging.

This year for the first time formal examinations are being given at the end of each half year covering the work of that period. While the results of the examinations are figured in when ranks are determined, the main purpose is to accustom the pupil to adjust himself to meet such a test. More and more applicants for study or for work are called upon to show their qualifications through the medium of the formal examination.

We have as good a teaching force this year as it has been my privilege to work with and while we are not so proud of our front yard, we are enthusiastic over what is back of it and are mindful that this desirable situation is due to the co-operation of the superintendent, schoolboard and citizens.

Respectfully submitted,

CARL D. GRUPE.

REPORT OF DISTRICT NURSE

To the Superintendent of Schools:

I herewith submit the following report of the District Nursing Service.

The records show that during the past year 1,601 visits were made by the nurse. Care was given to 19 maternity, 60 medical and 21 surgical cases.

In September all pupils were examined by the school physicians assisted by the nurse and parents were notified of defect found. The table showing the results of the examination is printed eslewhere.

During the summer, 8 children were taken to Keene hospital and had their tonsils and adenoids removed.

47 visits were made to the house of children to explain to the parents the necessity of having the defects of their children corrected.

Splendid response was obtained from visits made to parents regarding defective vision cases.

18 pupils were taken to Keene for eye examinations and were fitted to glasses. The members of the Current Events Club carried the cost of one pupil and the local Red Cross Committee took care of the cost of four pupils.

About once a month all pupils in the grade schools are weighed and the results recorded on a chart and posted in the school room. Pupils who average 10 per cent or more underweight are advised as to diet, exercise, etc. and all have made satisfactory gain in weight.

About \$25.00 worth of tooth brushes at 8c and 10c each were purchased by the pupils through the nurse from the Prophylactic Brush Factory. As far as can be ascertained every pupil has a tooth brush.

Plans are being made to have a school dental clinic in the near future and at the special school rate the cost of having the children's teeth cared for will be greatly reduced.

Frequent inspections of pupils are made and they are closely observed for symptoms of communicable diseases, whenever such cases are detected the pupils are excluded from school until all danger is over.

Talks on personal hygiene were given and pupils were instructed as to what they should do to help prevent the spread of communicable diseases when epidemic.

Since the beginning of school 58 school visits were made. 198 treatments to school children were given.

I thank you, the teachers, and parents and children for your interest and co-operation in the health work in the schools.

Respectfully,

MARGARET E. HARRIS,

District Nurse.

A prayer for Schools—O God, Thou hast put into our hands the future of the race. We are made coworkers with Thy spirit in creating the world that is to be. Thou hast put every new generation in the lap of the old, that there may be continuity of growth. Awaken us to our responsibility. Stir us up to our own incomparable privilege. Make keen within us the conviction that we have no work more vital to do than to teach. Reveal to us the school as the heart of the world's work. Vast problems press upon us. The world is upturned. The masses seethe in the ferment of untried theories. Yet the way is so simple! It lies through the child. The road to the Golden Age runs through the schoolhouse. There is no reform however farreaching, no establishment of justice, however revolutionary, that might not better be accomplished by patience through the instruction of the children, than through the schemes of politics or the violence of war. Arms and disorder, destruction and overturning, are man's way. The school is Thy way. Lay upon the conscience of every teacher the divinity of his employ. Give him the enthusiasm of his opportunity. Show him the beauty, the majesty, of his calling, the marvel of his art, the proper pride of his craftsmanship! Make every parent realize that the best gift in his power for the child is the school! Lay deep in every child's heart an unshakable ambition to learn, to know, to come to mastery! And unfold to us increasingly what education means! Shake from us the ghost grip of the past, the narrowing hold of tradition, while we still preserve what is good. Deepen, broaden, enlarge our conception of the school. Make us glad to spend more for it, as the best of all investments for the security of the world. And show us that there can be no salvation for the race that does not first mean salvation for the child, by striking from his brain the chains of ignorance, from his heart the iron rim of superstition, and from his hands the curse of the unskilled:—

Frank Crane.
